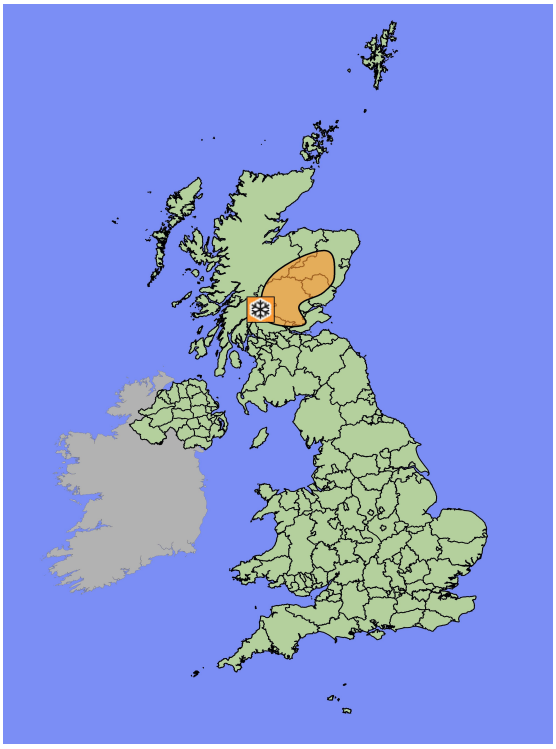
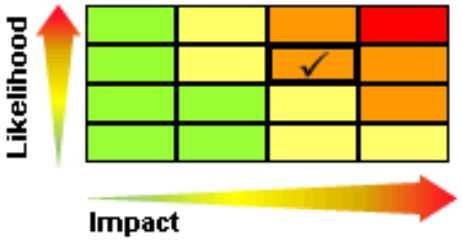
National Severe Weather Warning Service





Chief Forecasters Assessment
A frontal zone moving northwards from eastern England will bring heavy snow to parts of eastern Scotland on Monday. Blizzard conditions are likely on high ground in the strong to gale force easterly winds. There is a possibility that this warning may be extended into Tuesday.

The Met Office have issued an **Amber Warning** of **Snow**

Valid from **06:00 on Mon, 21st Jan 2013** until **23:59 on Mon, 21st Jan 2013**

An area of snow is expected to affect eastern Scotland on Monday. In the Amber area in excess of 10 cm is likely with drifting in the strong to gale force easterly winds. Accumulations of 20 cm or more are likely on ground above 250-300 m with blizzard conditions at times. The public should be prepared for the risk of disruption to travel, and the likelihood of road closures, as well as possible disruption to power supplies.
